

## NOVARTIS (THAILAND) LIMITED

### Our purpose

Reimagine medicine to improve and extend people's lives.

### Our vision

Become the most valued and trusted medicines company in the world.

At Novartis, we are reimagining medicine to improve and extend people's lives. We are working hard to produce breakthroughs and address unmet needs for patients with devastating diseases. We also are committed to ensuring our medicines reach as many people as possible. Every day we are working to improve human health and strengthen our society, as we strive to become the most valued and trusted medicines company in the world.
